Dancing Y4s

The Y4 staff were so proud of how the Y4 children worked together this morning to create 'spy inspired' dance routines. They demonstrated our core values of determination and curiosity, were a respectful audience and gave each other excellent feedback. Well done Y4!

Waiting in Suspense

The year 6s have been focusing on vocabulary and language use this week. They are creating suspense and tension in a retelling of the short film Alma. We have been really impressed with their planning and can't wait to read the final pieces next week!

Remembrance Day

Art Club worked on their first group project to create a soldier made of poppies; the symbol of remembrance for those who fought in both World Wars. Children have learned the importance of respectful remembrance during their 'Talk Assemblies' this week.

Amazing Writing!

Jackie has done a fabulous job of writing a setting description about a scene from the traditional story 'Little Red Riding Hood'. She has included all our new learning of using expanded noun phrases and using joining words such as 'and' to join similar ideas together.
