### Painting!

As a school we have spent a lot of time developing an exciting art curriculum which prioritises key art skills and techniques. Last week the children in Year 3 have been mastering how to mix paints together using powder paint! This is not an easy skill to master by any means but the children have shown great determination and have produced some fantastic pieces so far. Well done!

### The importance of sleep

In Talk Assemblies last week, we have been discussing the importance of getting a good night's sleep. The children learnt about the importance of having a good routine before bedtime and how that can help. We also discussed the importance of limiting screen time before bed as that can get in the way of getting a good night's rest.

### Room on the Broom

Last week Reception went on an exciting trip to the Lyceum theatre to see a performance of Julia Donaldson's 'Room on the Broom'. The children have been learning about the story in their carpet sessions and this memorable experience will have really brought the story to life!
