

# Headteacher Weekly Newsletter

## -Mrs Wright

Issue 19

Date: Friday 28<sup>th</sup> February, 2025

### Welcome back!

I'd like to start by welcoming every one back to school after the half-term break. It's been lovely to see all the fun and exciting learning that's been going on this week!

### Year 5 go to outer space!

To consolidate their learning about space, the Year 5 children had a very special treat this week. A special planetarium was set up in the KS2 hall and the children were immersed in the wonders of the solar system!

### Our school garden makeover continues!

The hard work in the school garden continued this week with a beautiful new wooden gate and arch being installed. The garden is going to be a beautiful resource for the children when it's finished.

### Chick eggs arrive at EYFS!

Some very special eggs were delivered this week to EYFS. Chick eggs, which are being kept warm and safe in an incubator, were delivered by a farm. The children will observe the eggs over the next few weeks and are so excited to see them hatch.

### Talk assembly - Bevan Community School in Rwanryana

This week in talk assemblies, we have been learning about the important work done by a charity called the Bevan Community School. This amazing charity provides low-cost access to school for children in Rwanryana in Uganda. We learnt about how different it must be to go to school in Rwanryana and introduced to the Y5/6s the opportunity to start a 'pen pal' letter correspondence with children at the school in Uganda.
