Miss Spencer - EYFS Lead

21.03.25

We went on our Spring walk in Rivelin Valley this week in nursery. We had lovely sunny weather for the walk. The children were spotting signs of Spring using their lanyard pictures. They spotted daffodils, leaf buds and catkins, among other things. We walked to the duck pond and fed the ducks. While we were at the duck pond, the children used their lanyards to identify the different types of duck they saw. We found mallard ducks, moorhens, mandarin ducks and even a goose. We were so impressed with how well the children walked there and back, it's a long way for little legs!

Chicks and Ramadan!

This week Reception welcomed the arrival of the chicks! It was so exciting to watch the chicks pip out of their eggs and hatch. The children have spent lots of time observing the chicks and showing our core value of curiosity! The children have also been learning about Ramadan this week! We have tried dates (because Muslims believe that the Prophet Mohammed used to break his fast with a date) and had a special visit from Meran and Rayan's mum, who answered all of the children's questions about Islam, Ramadan and Eid!
