On Thursday, the Reception children had their very first PE lesson. With the sunshine still shining, we took the opportunity to head over to the school field. We were incredibly impressed with how independently they all got changed! We had a brilliant time playing games like Stuck in the Mud, practising our running, dodging, and spatial awareness skills.

To top off the excitement, our caterpillars arrived this week! The children have been fascinated, carefully observing the tiny changes as they grow and develop.

Fun in the sun!

We've made the most of the beautiful weather by spending lots of time outdoors! The children showed fantastic teamwork and problem-solving skills as they worked together to create shady spaces using the parachute—such creativity and cooperation!
