In nursery this week, the children have been very interested in watching our caterpillar's grow and imagining what they might look like when they become butterflies. There was much excitement Thursday when one of the caterpillars had created a chrysalis.

This interest, has been reflected in the children's art work. They have been making some creative caterpillars and beautiful butterflies using a wide variety of materials and techniques.

We wanted to show the incredible, independent writing some of our nursery children have been doing this week.

Willow has been practising writing numerals. She can form them correctly already. Well done Willow!

Mak Mak has blown us away with his writing of 'My Book' correctly spelt! Wow!

Planting in Reception

This week, the Reception children have been busy planting! They have planted sunflower seeds and pumpkin seeds. They have been thinking about all of the things the seeds will need to grow. Farhana has made sure to water them everyday!
