### Plastic Pollution Artwork

After learning about the issue of plastic pollution in assemblies, all children were invited to make a piece of artwork that demonstrates the danger that plastic poses to our oceans. Today we showcased all the amazing artwork that has been produced and invited all children to come and be inspired by the amazing display of art on show. Well done everyone for your beautiful artwork!

### New playground zones!

To make sure that our playtimes are as safe as possible, whilst also being good fun, we have this week introduced different 'zones' in the KS2 playground. These range from structured football, to a skipping zone and even a comfy area with cushions that children can read books in! The children really enjoyed using the zones today so well done everyone!

### The Year 1's go back in time.

This week the Year 1's had a very special visitor from the past - Florence Nightingale! In this interactive workshop, the children learnt about Florence's life and her achievements in making hospitals cleaner and safer and saving many lives.

### A big well done to...

A huge well done to Felix in Nursery who has successfully completed his Level 1 certificate in swimming. Felix is rightly proud of this big achievement and we are proud of you, Felix, for showing your Core Value of determination.
